We're preening with pride and gushing with gratitude to share The Plumery with parrot lovers, parrot owners, and parrots themselves. THE PLUMERY IN THE COMMUNITY

THE PLUMERY IS EVERYWHERE!

You could find us in San Roque at the La Cumbre branch in October to mid-November 2023. We'll be at the Montecito branch on Coast Village Road for the rest of November 2023 and also next April 2024.

Look for us at the Carpinteria branch on Las Positas during the month of February 2024. And for our Ventura readers and supporters, we'll be in your neighborhood very soon!

MONTECITO BANK & TRUST

How amazing was it to discover that this bank offers a community display table to local businesses and nonprofits as a way to inform bank patrons about their own community opportunities! The Plumery signed up immediately!

OUR DISPLAY!

At the San Roque/La Cumbre branch, we filled the 30"x70" table with our brochures, our information sheets, our Santa photo event flyer, and our business cards - all of which any bank patron and their kids could take... And we hoped they would! Anchoring the rear of the table was our bowl full of plush parrots. Can you guess what species they represented? A sulphur-crested Cockatoo, a small Amazon, a Lory with spread wings, and a scarlet Macaw. Next to the bowl, flanking our Plumery poster, was a blue and gold Macaw and on the other side a hyacinth Macaw. If you look carefully, you see a baby African grey in front of the poster. And the piece de resistance was our gigantic Scarlet. We were told by bank employees that patrons continually asked if The Plumery were selling the pluses. We just may in the future, but for now they're just for petting and appreciating.

AVOCADO FESTIVAL

Oh heavenly beach days! Carpinteria put on the green for its annual Avocado Festival this past October 6, 7, and 8 - Friday, Saturday, and Sunday. You see the three Plumery founders and our ubiquitous Scarlet ready, willing, and eager to meet the crowds. Along with our brochures, pamphlets, and flyers, we offered special raffle prizes of the Scarlet plush in full plumed glory and a set of two glasses etched with the outlines of an avocado! We educated quite a few people when pointing out that avocados are toxic for parrots! Quite the irony for this festival!

SANTA VISITS THE PLUMERY

Well, he didn't quite make it to The Plumery, but he sure set his course for the Lynda Fairly Carpinteria Arts Center in downtown Carpinteria on Linden Avenue. The Plumery elves were on hand to help Santa meet all the families with kids and dogs, who came to have their photos taken with the one and only Santa. With each group that came for their special Santa time, we elves came to the conclusion that Carpinteria produces the most beautiful children and the most adorable pups. Everyone left with a candy cane and some Plumery information.

Doing it for the parrots!
These beautiful, intelligent, sensitive creatures of nature deserve the best life we can possibly give them at The Plumery, since they don't have the opportunity to live freely and in their natural habitats. The Plumery also wants to help those people who have parrots and either need help in improving their understanding of these exotic avians or are looking for more ways to provide stimulus and fun for their feathered companions.
